IV-B Year-End Closing-Prepare Automated Governmental Fund Reports

This chapter discusses the CALSTARS automated year-end process for the electronic transmittal of year-end financial data for Governmental Cost Funds (including those with fund source B - legal basis bond funds). The chapter provides the requirements for participation in the automated process and detailed instructions for preparation and submission of automated governmental fund reports.

Use of the automated year-end process is optional; CALSTARS departments may choose to participate and transmit reports for some or all of their Governmental Cost Funds.

OVERVIEW OF THE AUTOMATED YEAR-END PROCESS

The CALSTARS automated year-end process allows departments to electronically transmit year-end financial data to the SCO in lieu of preparing and submitting Reports No. 1, 2, 3, 5, and 15. A hardcopy of the CALSTARS DB3 Report replaces these reports.

NOTE: Departments participating in automated year-end for the first time are required to prepare and submit Reports No. 1, 3, and 5 to SCO in addition to electronically transmitting year-end financial data. They are also required to prepare and retain Reports No. 2 and 15 for potential questions by SCO.

The Automated Year-end Report Checklist is designed to be used throughout the automated year-end process. The checklist is displayed in Exhibit IV-B-20 at the end of this chapter or can be accessed on the Internet at http://www.dof.ca.gov/html/calstars/calsdocs/optools/autoyearendchecklist.pdf.

The automated portion of the year-end process begins after standard adjusting entries have been entered and <u>final</u> FM 13 reconciliations are completed. Departments request preliminary standard DB3 and G02 Reports to begin the process. The department enters a series of applicable automated year-end transactions and corrects all edit messages to finalize the report. The final report is electronically transmitted to the SCO in lieu of Reports No. 1, 2, 3, 5 and 15. A signed certification letter is then sent to the SCO along with the required attachments to complete the process. The following steps are required to complete automated year-end statements:

- Complete Section 1 of the Automated Year-end Checklist;
- Request a preliminary DB3 Report (Blank report period option) and a G02 Report;

- ☑ Identify automated year-end transaction codes (TC 750-TC 760) that need to be posted for Prepayments to Architecture Revolving Fund (ARF) (Subsidiary 0602), adjustments to SCO, pending BRs, reimbursable encumbrances, and special reporting on fund level accruals for GL 3400, GL 3500 and GL 3730;
- Post automated year-end transaction codes in FM13. These entries only affect the DB3 Report;
- Request final DB3 Report (N report period option) and identify records that have fatal edit messages and cannot be transmitted;
- Resolve all edit messages displayed on the lower left pages of the DB3 Report;
- Order and review final DB3 Report (**Blank** report period option);
- Complete Section 2 of the Automated Year-end Checklist;
- Request remaining CALSTARS reports needed for year-end financial statements (G02, Q26, B06, G05);
- Complete the Q26 (Report No. 4), Report No. 14, and Report No. 22;
- Complete Section 3 of the Automated Year-end Checklist;
- Transmit data electronically to SCO through the Command F.2, SCO Year-end Data Transfer Data screen:
- Receive CALSTARS system generated reports, CSYDB3-X;
- Prepare certification letter:
- Annotate any adjustments to SCO displayed on the CSYDB3-1 Report and cross reference to the supporting Transaction Request(s);
- Assemble the year-end package with the certification letter, supporting documentation (if applicable), CSYDB3-1, and other required reports;
- Occupiete Section 4 of the Automated Year-end Checklist; and
- Submit year-end package to SCO by the deadline.

The remainder of this Chapter gives detail about each of the steps listed above.

PARTICIPATION INFORMATION

By May 31, first year participating departments must contact the CALSTARS Hotline at (916) 327-0100 or e-mail HOTLINE@dof.ca.gov to notify CALSTARS that they intend to participate in the automated year-end process.

Ongoing participants are not required to contact CALSTARS. Refer to the definition below for clarification of 'ongoing' participants.

Ongoing participants – departments that participated in the automated year-end process last fiscal year **and** successfully transmitted at least one governmental cost fund **or** received a 'No Data To Transmit' message on the F.2 screen.

CALSTARS will inform SCO which departments plan to participate in the automated process. Contact the CALSTARS Hotline at (916) 327-0100 for questions regarding participation criteria.

Other Considerations For Participation In The Automated Year-end Process

- Prior to April 30 departments must verify the SCO Account Segment is correctly established on their Appropriation Symbol Table (AS) records for all active fiscal years. Refer to Volume 2, Chapter IV-AS, for instructions regarding the establishment of the SCO Account Segment;
- Departments must use unique document numbers for each accrual or adjustment that includes a **Subsidiary**. This can be accomplished by changing the Document Number Suffix for each transaction;
- ltem 14 (SCO Year-end FTP) on the CALSTARS Security Form (Form 95) must be authorized for all staff that need to view or select funds for transmittal to the SCO. The department's CALSTARS Security Officer must submit new or revised security forms to the CALSTARS Security Administrator at the Department of Finance. The department's CALSTARS Security Officer may contact the CALSTARS Hotline at (916) 327-0100 for further assistance:
- If the following applies to any fund within an department, the year-end financial data for the applicable fund may not be transmittable:

The department does not use Program 99 for the Clearing Account

The department does not use Element 02 for Distributed Administration

A fund is budgeted with Program 00, Element 00, or Component 000

A fund is recorded at the SCO by sub fund, but the sub fund is not established in the D23 Fund Detail Table or the activity is not recorded in CALSTARS by Fund Detail;

- The last day departments may transmit automated year-end data to the SCO is one day **before** the mid-August year-end statement due date for all funds other than the General Fund, Feeder Funds, and Economic Uncertainty Funds. If the due date falls on a Monday, departments must transmit the data by the Friday before the due date. Departments must prepare and submit a complete set of manual year-end statements for any funds that cannot be transmitted by the deadline:
- Departments participating in automated year-end for the first time are required to prepare and submit Reports No. 1, 3, and 5 to SCO in addition to electronically transmitting year-end financial data. They are also required to prepare and retain Reports No. 2 and 15 for potential questions by SCO.
 - **NOTE**: Departments are not required to prepare Reports No.1, 2, 3, 5 and 15 if they are **ongoing** participants. Ongoing participants are departments that successfully transmitted at least one governmental cost fund **or** received a 'No Data To Transmit' message on the F.2 screen last fiscal year; and
- Beginning in early July, the Menu option F.2: Monthly and Special Processes SCO Year-end Data Transfer will display a listing of each department's eligible Governmental Cost Funds. The fund must be present on the F.2 screen in order to submit electronic year-end statements.

Prior to the Automated Year-end Process

Prior to beginning the automated year-end process, departments must complete all the other steps in the regular year-end process:

- Post all accruals and adjustments in FM 13 in accordance with Volume 7, Chapters II and III; and
- Complete all final FM 13 reconciliations, including appropriation, other detail accounts (e.g., Revenue), and general ledger (GL).

COMPLETE SECTION 1 OF THE AUTOMATED YEAR-END CHECKLIST.

REQUEST THE PRELIMINARY DB3 REPORT AND A G02 REPORT

The first step in the automated year-end process is to request the preliminary DB3 Report and a G02 Report. These reports are retained for reference until all fatal edit messages on the DB3 Report are resolved.

The standard CSTARDB3 (DB3) Report will be available beginning in early July and may be requested with one of three Report Period options below:

- **Blank** All records are shown on the report.
- **T** Only transmittable records are shown on the report.
- **N** Only non-transmittable records are shown on the report.

The first time the DB3 Report is requested, it should be requested with a **Blank** report period option to include activity for all accounts.

The CSTARDB3 Report (DB3) consists of the following three sections:

- Fund Level Accruals:
- Appropriation Adjustments and Accruals; and
- General Ledger Account Verification.

Fund Level Accruals Section

The Fund Level Accruals section of the DB3 Report displays fund-level only accruals by GL account (e.g., GL 1319, Deferred Receivables, GL 3730, Uncleared Collections). This section of the report is typically only one page. It will not include accruals for appropriations or other detail accounts, such as Revenue. An example of the Fund Level Accruals section of the DB3 Report **prior** to the posting of the automated year-end TCs is displayed in Exhibit IV-B-1. Detailed information on the DB3 Report is available in Volume 6 of the CALSTARS Procedures Manual (CPM).

Appropriation Adjustments and Accruals Section

The Appropriation Adjustments and Accruals section of the DB3 Report displays adjustments and accruals for each detail appropriation and other detail accounts, e.g., Revenue. This section of the report will normally be one page per appropriation or other detail account, and the information should tie to the department's final FM 13 CALSTARS/SCO Appropriation Reconciliations. An example of the Appropriation Adjustments and Accruals section of the DB3 prior to the posting of the automated year-end TCs is displayed in Exhibit IV-B-2. Detailed information on the DB3 Report is available in Volume 6 of the CPM.

General Ledger Account Verification Section

The GL Account Verification section of the DB3 Report is a trial balance of accruals and adjustments similar to a G02 Report. This section of the report is typically one page. It can be used to identify some of the automated year-end transactions required when the Fund Level Accruals section of the DB3 Report is not balanced.

Compare GL 3400, GL 3500, and GL 3730 with the G02 Report to determine the adjustment(s) needed (TC 755 or TC 756).

The GL Account Verification section contains only balances for the real GL accounts that represent accruals and adjustments to SCO, such as GL 1110 General Cash. It does **not** include accounts already recorded by SCO such as:

- **☉** GL1140 Cash in State Treasury;
- GL 1210 Deposits in SMIF;
- GL 1730 Prepayments to Other Funds or Appropriations

Note: Prepayments to the ARF (Subsidiary 0602) must be reported to SCO by posting TC 750;

- GL 5330 Reserve For Prepaid Items;
- Nominal accounts (GL 8000 Revenue through GL 9891 Refunds to Reverted Appropriations); and
- Any other general ledger account that would not be reported on the manual year-end statement Report No. 1 - Report of Accruals (Forms 571 A, B).

Below is a list of general ledger accounts, most commonly displayed on the GL Account Verification section of the DB3 Report. These GL Accounts should reconcile with the G02 Report Post-Closing Trial Balance before the automated year-end transactions are posted:

GL Account	<u>Description</u>
1110	General Cash
1115	General Cash, Remittance in Transit
1130	Revolving Fund Cash
1190	Cash on Hand
1311	Accounts Receivable Abatements
1312	Accounts Receivable Reimbursements
1313	Accounts Receivable Revenue
1315	Accounts Receivable Dishonored Checks
1319	Accounts Receivable Other
1380	Contingent Receivables
1400*	Due From Other Funds or Appropriations
1500*	Due from Other Governments
1600	Provision for Deferred Receivables
1710	Expense Advances
3010	Accounts Payable

3020	Claims Filed
3110*	Due to Other Funds or Appropriations
3210	Due to Federal Government
3220	Due to Local Government
3290	Due to Other Governmental Entities
3730	Uncleared Collections

*NOTE: The DB3 GL Account Verification section displays GL 1400, GL 1500, and GL 3110 at the same level shown on the G02 Pre-Closing Trial Balance Report No. 7.

GL 1600 Provision for Deferred Receivables will not reconcile to the G02 Post-Closing Trial Balance Report if the transactions to record subsidiaries (TC 593s) were posted with incorrect amounts. Refer to the G02 Subsidiaries on File section for related error messages. Entries posted with TC 593 must be corrected in order to balance to the G02 Report and prior to transmitting year-end data to the SCO.

There are no edit messages associated with this section, but several footnotes may be displayed at the bottom of the page. Detailed explanations of the footnotes are noted below:

FOOTNOTE D: AMOUNTS WILL NOT RECONCILE TO G02 ONCE AUTO YE TC'S POST

After input of the automated transaction codes (TC 750 – TC 760), GL accounts 1400, 3110, 3400, and 5330 on the DB3 Report may no longer reconcile to the G02 Report.

FOOTNOTE E: GL 55XX MAY OR MAY NOT RECONCILE TO THE G02 REPORT

The amount shown in Fund Balance (GL 55XX) in the DB3 GL Verification page will **not** necessarily agree with the G02 Post-Closing Fund Balance Report. The DB3 Report uses this account as a "balancing figure" to net the debits and credits depending on the other GL accounts displayed or not included, (i.e., GL 1730-Prepayments).

FOOTNOTE F: DEPARTMENTS MUST REPORT PREPAY TO ARF (AUTO YEAR END TC 750)

This footnote appears after departments have posted automated year-end transaction code (TC 750) to report GL 1730 Prepayments to the ARF and GL 5330 Reserve for Prepaid Items (Subsidiary 0602).

An example of the GL Account Verification section of the DB3 Report **prior** to posting the automated year-end transactions is displayed in Exhibit IV-B-3.

IDENTIFY AND POST AUTOMATED YEAR-END TRANSACTION CODES

After the preliminary DB3 Report is ordered, the applicable automated year-end transaction codes (TC 750 – TC 760) are posted. The automated year-end TCs post only to the DB3 Report and the History File. They do not post to any other CALSTARS files and are not visible on any other standard CALSTARS year-end (PY) reports. These transactions are used to provide information required by SCO for year-end reporting purposes only. They do not impact the data already recorded in CALSTARS, and do not need to be reversed in the new year.

Exhibit IV-B-4 displays the automated year-end TCs, their GL impact, and the source of posting information. The TCs are listed in the order they are most frequently used. For more detail regarding these TCs, refer to Volume 5 at http://www.dof.ca.gov/html/calstars/Procedure/procedure.htm.

Below are the items or situations that require the department to post automated yearend transactions to finalize their automated statements:

- Prepayments to ARF Subsidiary 06020000 (previously reported in the manual statements on Report No. 1);
- Adjustments to SCO appropriations and other detail accounts (previously reported in the manual statements on Report No. 3);
- Pending Budget Revisions (previously reported in the manual statements on Report No. 5) or other Budget Adjustments required for reporting purposes;
- Net encumbrances funded by reimbursements (previously reported in the manual statements on Report No. 1); and
- Fund level adjustments/accruals for Advance Collections (GL 3400), Liabilities for Deposit (GL 3500), and Uncleared Collections (GL 3730) (previously reported in the manual statements on Report No. 1).

NOTE: Automated year-end transactions do not get reversed in the new year. Do **not** enter these transactions in auto-reverse batches (number Ann).

Exhibits IV-B-5 through IV-B-7 are reference guides for the DB3 Report after the automated year-end TCs are posted. Exhibits IV-B-5 and IV-B-6 display the effect of the automated year-end TCs. Exhibit IV-B-7 compares the DB3 Report to manually prepared year-end reports in Chapter IV-A.

RESOLVE EDIT MESSAGES ON THE DB3 REPORT

After automated year-end transactions are posted, departments should request the DB3 Report (**N** report period option) to resolve fatal edit messages.

Resolve Edit Messages - Fund Level Accruals Section

Edit messages display on the lower left-hand side of the report. These edit messages are fatal (except for report edit message "Subsidiary Not In DT-32 Table") and must be cleared before automated year-end data can be transmitted to the SCO.

A listing of the edit messages displayed in the Fund Level Accruals Section of the DB3 Report and the corresponding explanations are shown in Exhibit IV-8.

Resolve Edit Messages - Appropriation Adjustments and Accruals Section

Edit messages display on the lower left-hand side of the report and can be either fatal or warnings. Fatal edit messages create non-transmittable records. All fatal edit messages for the fund must be cleared before year-end data can be transmitted to the SCO. A listing of the edit messages and the corresponding explanations are displayed in Exhibit IV-9.

Warning edit messages will not prevent the fund's data from being transmitted to SCO; therefore, they only appear on DB3 Reports requested at **Blank** report period option. They should, however, be reviewed to determine if corrective action is needed. 'Out of Balance by \$_______' warning messages routinely occur on reverting appropriations when SCO posts entries to revert the funds as of June 30 and the department does not post the reversion in CALSTARS. Warning messages also routinely occur in Prior Year Revenue accounts as a result of SCO recording activity that was accrued in CALSTARS the previous fiscal year.

The DB3 Report may display an Out of Balance or Appropriation Over-expended fatal edit message that cannot be resolved for the following types of accounts even though the accrual information is correct and the account is reconciled to SCO:

- Continuous appropriations that do not have a budget posted in the Budget/Adjust Column on the Agency Reconciliation Report; and,
- Prior year receipt accounts such as revenue, refunds to reverted appropriation and operating transfers-in that contain both a prior year accrual reversal and a current year accrual.

Departments with fatal edit messages for these accounts should contact the Hotline to discuss the account and request an override of the fatal edit to allow the transmission of data to SCO. A copy of the DB3 Report and the SCO tab run displaying the account must be faxed to (916) 449-5723 or emailed to the Hotline at HOTLINE@dof.ca.gov for evaluation and approval of the override. Once approved, the DB3 Report can be ordered immediately to verify the override of the fatal edit message. The DB3 Report will reflect the override of the fatal edit as follows:

- The DB3 Report ordered at the **N** report option will no longer display the account containing the fatal edit message;
- The DB3 Report ordered at the **Blank** or **T** report option will display 'Warning' before the edit message and 'Transmit Authorized' after the edit message; and
- The system generated CSYDB3-1 and CSYDB3-2 Reports received after successful transmission to SCO will display 'Warning' before the edit message and 'Transmit Authorized' after the edit message.

Edit Message	Explanation/Action Required
GL 1110 OR GL 1130 HAS ABNORMAL BALANCE	GL 1110 and/or GL 1130 have abnormal credit balances on the Fund Level Accruals page. Make necessary corrections, if appropriate. If an abnormal balance truly exists as of June 30, year-end data for the fund cannot be transmitted electronically and manual year-end statements must be prepared.
GL 1600 REQUIRES SUBSIDIARY	All amounts in GL 1600 must be reclassed using TC 593.
SUBSIDIARY DOES NOT CONTAIN A VALID FUND PER D22 TABLE	Review the Subsidiary. Correct the transaction containing the invalid fund number in the subsidiary or contact the CALSTARS Hotline if a fund needs to be established in the statewide D22 Fund Table.
SUBSIDIARY NOT IN D32 TABLE	Review the Subsidiary. Correct the transaction containing the invalid subsidiary or establish the subsidiary in the D32 Subsidiary Table. Ensure that valid subsidiaries are established in the D32 Subsidiary Table. For example, the valid Subsidiaries for GL 3400 are 34100000, 34200000, and 34300000. Refer to Volume 1, Chapter V, General Ledger Account Structure for additional information.
GENERAL LEDGER NOT IN D31 TABLE	Review the GL. The GL must be included in the Uniform Codes Manual. Correct the transaction containing the invalid GL or contact the CALSTARS Hotline if a GL needs to be established in the statewide D31 GL Table.

	TC 756 to reduce GL 3500, Liabilities for Deposit to the unremitted amount. The DB3 Report initially reflects the total GL 3500 amount.
	TC 756 to reduce GL 3730, Uncleared Collections, to the unremitted amount. The DB3 Report initially reflects the total GL 3730 amount.

TC 758 – 760 should be posted to the appropriations that incur reimburseable expenditures, never to the Clearing Account (Program 99) or to the Reimbursement account (Category 90).

ORDER AND REVIEW FINAL DB3 REPORT

After the automated year-end transaction codes are posted, request the DB3 Report (**N** report period option) to confirm there are no remaining fatal edit messages. If there are no fatal edit messages, departments will receive a one page null report.

A final DB3 Report (**Blank** report period option) should be ordered and reviewed to ensure that:

- ◆ Abnormal GL account balances have been reviewed and verified. Note: Only abnormal balances in GL 1110 or GL 1130 will result in non-transmittable records;
- All subsidiaries contain valid UCM Fund codes or General Ledger Account codes;
- Prepayments to ARF (GL 1730, Subsidiary 0602) and Reserve for Prepayment to ARF (GL 5330, Subsidiary 0602) agree with the G02;
- Prepayments to Service Revolving Fund (GL 1730, Subsidiary 0666) and Prepayments to State Compensation Insurance Fund (GL 1730, Subsidiary 0512) are not included:
- The Fund Level Accruals page does not display GL 14XX, GL 3010, or GL 31XX (except Sales Tax and Interfund Loans);
- Adjustments to SCO appropriation and other detail accounts are displayed with the same sign as displayed on the SCO/CALSTARS appropriation reconciliation (GL 1400 is a "-" or negative; GL 3110 is a positive);
- Adjustments to SCO agree with supporting Transaction Requests;
- Pending Budget Revisions/Executive orders are included on the Pending Budget Revisions line in the Balance column; and
- The amount of encumbrances 'Funded By Reimbursements' does not exceed the amount of 'Encumbrances' for each detail appropriation.

Exhibit IV-B-19 displays a complete DB3 Report after the automated year-end TCs are posted and fatal edits are corrected. The financial information displayed on the DB3 Report ties to the manually prepared statements displayed in Chapter IV-A.

COMPLETE SECTION 2 OF THE AUTOMATED YEAR-END CHECKLIST.

PREPARE REMAINING YEAR-END REPORTS

After the DB3 Reports are verified as correct and no fatal edit messages are displayed, complete the remaining year-end reports as follows:

Request the following CALSTARS reports:

- B06 − Report No. 6, Final Budget Report;
- G05 Reports No. 18 and 19, Statement of Changes in General Fixed Assets and Statement of General Fixed Assets; and
- Q26 Report No. 4, Final Statement of Revenue Departments must complete the Reconciliation of State Controller's Revenue with Statement of Revenue section.

Prepare the following reports:

- Report No. 14 Report of Bank and/or Savings and Loan Association Accounts Outside State Treasury; and
- Report No. 22 Statement of Contingent Liabilities, if applicable.

NOTE: First year participating departments are required to prepare Reports No. 1, 2, 3, 5, and 15. Reports No. 1, 3, and 5 are submitted to the SCO. Reports No. 2 and 15 must be retained by the department for potential questions by the SCO.

COMPLETE SECTION 3 OF THE AUTOMATED YEAR-END CHECKLIST.

After the additional reports are prepared, it is time to transmit the records to the SCO.

REQUEST THE TRANSMITTAL OF FUND RECORDS TO THE SCO

Beginning in early July, the **F.2** SCO Year-end Data Transfer screen will display a listing of each department's eligible Governmental Cost Funds. Departments select each individual fund to transmit to SCO and may select one or more funds on any processing day; however, CALSTARS does not transmit automated year-end data to the SCO on Saturdays. Fund data must be transmitted to the SCO one day <u>before</u> the mid-August year-end statement due date for all funds other than the General Fund, Feeder Funds, and Economic Uncertainty Funds. To transmit year-end financial data for a fund, enter a **S** (Select fund for data transfer to SCO) in the Function (**F**) column on the **F.2** screen. The selection request may be cancelled at any time prior to the beginning of nightly processing by keying a **C** (Cancel request for data transfer to SCO) in the Function column on the **F.2** screen. The status of fund transmittals may be viewed on the **F.2** screen. The message "No Data To Send to SCO" means that there were no adjustment or accrual records to report for that fund.

The day after selecting a fund for data transfer to the SCO, the **F.2** SCO Year-end Data Transfer screen may be viewed to determine if the year-end data was successfully sent to the SCO. The SCO processes the data the day after the data transfer is successful (except on weekends). A sample of the **F.2** screen is shown below:

THE CSYDB3-X REPORTS

If the "Year-end data successfully sent to SCO" message is displayed on the **F.2** SCO Year-end Data Transfer screen, the following reports are generated:

```
CSYDB3-1 Automated SCO Year-end Report – Final CSYDB3-2 Transmitted SCO Year-end Report
```

GL Account Verification pages are not created for the CSYDB3-X system generated reports. The CSYDB3-1 Report is sent to the SCO with the final year-end package. The CSYDB3-2 is retained at the department with a copy of the year-end package.

If the "Data not sent to SCO due to errors" message is displayed on the **F.2** screen, the following report is generated:

```
CSYDB3-3 Automated SCO Year-end Report - Exceptions
```

The CSYDB3-3 Report shows the records that caused the fund to be non-transmittable and displays the report edit message(s) to assist with making adjustments/corrections. One non-transmittable adjustment or accrual record in a fund prevents the entire fund from transmitting successfully. Departments may make adjustments/corrections to the fund and select the fund for transmittal on another day.

Examples of the CSYDB3-1, CSYDB3-2, and CSYDB3-3 Reports for both Fund Level Accruals and Appropriation Adjustments and Accruals are shown in Exhibits IV-B-10 through IV-B-15.

PREPARE CERTIFICATION LETTER AND ASSEMBLE FINAL YEAR-END PACKAGE

Prepare the year-end certification letter. Examples of the automated year-end certification letters are displayed in Exhibit IV-B-16 for ongoing participants and in Exhibit IV-B-17 for first year participants.

Annotate any adjustments to SCO displayed on the CSYDB3-1 Report and cross reference to the supporting Transaction Request(s).

Assemble the final year-end package including the certification letter, CSYDB3-1 Report, the remaining required reports, and supporting documentation (if applicable). Exhibit IV-B-18 displays the required year-end statements when using the automated process for both the first year participants and for ongoing participants.

Sign and date certification letter. Make all necessary copies. Retain the CSYDB3-2 Report with a copy of the final year-end package.

COMPLETE SECTION 4 OF THE AUTOMATED YEAR-END CHECKLIST.

Submit the completed package to the SCO by the year-end financial statement due dates. Note the date the package is sent to SCO on the cover page of the Automated Year-end Checklist.

YEAR-END FINANCIAL STATEMENT DUE DATES

The year-end financial statement due dates apply to receipt of the year-end package by the SCO rather than the date of the electronic transmittal of the adjustments and accruals for the fund. Year-end packages can be submitted after the report deadlines; however, the SCO will **not** accept late electronic transmittals. Departments must transmit automated year-end data to the SCO at least one day **before** the mid-August year-end statement due date for all funds other than the General Fund, Feeder Funds, and Economic Uncertainty Funds.

REVISIONS TO THE AUTOMATED YEAR-END FINANCIAL STATEMENTS

A successful transmittal of the automated year-end statements may only be sent once. If a revision to the year-end statements is required, the revised statements must be prepared manually with the SCO's Forms 571E and 571F. Refer to Chapter IV-A, *Revisions to Reports* section for instructions and additional information about these forms.
